

Ingersoll Rand Forklift Parts

Ingersoll Rand Forklift Parts - Offering services, products and solutions to ensure efficiency and to increase the productivity in commercial, residential and industrial surroundings, Ingersoll Rand is very proud provider of products that help enhance the safety, comfort, security and health of people all around the world.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman manufactures food merchandising and refrigeration solutions. Trane is a trusted provider of energy efficient heating ventilation and air conditioning systems, contracting and building services, parts support and advanced controls utilized for both residential homes and commercial buildings.

Ingersoll Rand's Industrial Technologies sector offers products and solutions that improve their clients' operation, energy efficiency and productivity. The product series is diverse ranging from tools and pumps, material and fluid handling systems to complete compressed air systems. They have even developed Club Car, the international leader in utility and golf vehicles meant for companies and people.

Popular brand names like for example Schlage and Trane compromise the Residential Solutions business, providing safety, efficiency and comfort to home owners all around North America. Several of their innovative quality products comprise mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, remote home management, portable security systems and advanced controls.

Ingersoll Rand' Security technologies offer products that ensure secure, safe and productive surroundings. This division's market leading products include floor and door closers, portable security devices, exit devices, biometric and electronic cabinet hardware, access control systems, steel doors and frames and locks, decorative hardware and locksets. Recognized brands such as Schlage also provide personal, time and attendance scheduling systems.
