

Advance-Nilfisk Part

Advance-Nilfisk Part - Imagine how tiresome it would be to clean up your home after throwing a big party, without aid from cleaning machines. Back in the day, the time upholstery and carpets had the dust beat out of them manually; cleaning cloths, brushes and brooms were the best cleaning materials of that time.

The man who founded Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who really liked to work on electrical motors. After starting his business during the year 1906, he began to produce motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the start was to have a global company selling merchandise internationally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by one individual. This invention came in a time where various cleaning equipment were very big and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and evolved the way we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an existing problem; stuff get dirty and must be cleaned frequently, without too much effort.

Slowly, the business Nilfisk-Advance grew through the years. During the early nineteen eighties the business expanded fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the industry, aiming to be an active international player in making professional cleaning machines. Nilfisk-Advance is presently found in all parts of the globe due to gradually obtaining a lot of small businesses in order to grow their product portfolio and presence in new markets. They are really proud to present a variety of cleaning solutions to meet each need.
